### Family Discounts

A family with more than one person in long-term treatment (full intake appointments completed) gets \$10 off each followup appointment.

### Lower Cost Intake Appointment

For those who aren't sure about homœopathic treatment, we offer a trial-period payment equal to half of the cost of the first two appointments (\$225). After the second appointment, if you choose to continue with homœopathic treatment, you pay the remaining balance (\$225). If you prefer not to continue, you owe nothing further.

### Homœopathic Remedies

We only provide homœopathic remedies to existing clients with current followups. We never charge for homœopathic remedies.

### Payments

All appointment fees are due at the time of the appointment. We accept cash, checks and credit cards. The fee for a returned check is \$50.

### Insurance

Please note that medical insurance does not cover the cost of homœopathic care. However, some health savings plans will allow payments for homœopathy. It is illegal for us to provide medical documentation for insurance! Please do not ask.

### Missed Appointments

**\*We require 24-hour notice to cancel an appointment. Missed appointments and late cancellations are billed at the full cost of the appointment.\***
